# The Magic Forest

Chapter 1 by Nikolai Dillon\_21

There's a forest named South Berry Woods, but nobody knows about it. Until now...

Julie is sitting under the tree in her backyard, talking to Sam about what they're going to do next summer. "What are you doing next summer Julie?" Sam said. "I don't know, probably right another graphic novel." Julie said. As Sam gets from the ground, he notices a strange light coming from the stream. "Hey Julie, what do you think this is?" Sam said. "I don't know" Julie said. Sam picks up the item, he notices it has a weird marking on it that looks like a fairy wing. "Hey look at the strange marking on it" Sam said. "It looks like a fairy wing" Julie said. "Maybe we should go inside and look at under microscope" Sam said. They go inside and Sam puts the strange item under his microscope. "Whoa, Julie look at it! There's a small microscopic fairy village living on this." "No way, your so full of it!" Julie said. "I'm not lying to you look for yourself." Sam said. "I don't believe this, your really not lying, it really there." Julie said. Julie faints on to the floor. Sam brings her outside and splashes her with water. Then Julie wakes up...
